IC CHIP IS DETECTED ON ORIGINAL  
IC CHIP STORES ADDITIONAL INFORMATION  
READING \*\*\* RESTAURANT  
DO YOU PRINT ADDITIONAL INFORMATION?

YES NO

26

This figure shows a screen display within a rectangular frame. The display contains a message asking if the user wants to print additional information after detecting an IC chip. Below the message are two buttons labeled 'YES' and 'NO'. A reference numeral '26' is located to the right of the frame.

FIG. 11

WHICH INFORMATION DO YOU PRINT?

OUTPUT OUTWARD APPEARANCE  
OF RESTAURANT

OUTPUT STATE INSIDE RESTAURANT

OUTPUT RECOMMENDED MENU

OUTPUT MENU LIST

26

This figure shows a screen display within a rectangular frame. The display contains a question and four selectable options, each in its own box. The options are: 'OUTPUT OUTWARD APPEARANCE OF RESTAURANT', 'OUTPUT STATE INSIDE RESTAURANT', 'OUTPUT RECOMMENDED MENU', and 'OUTPUT MENU LIST'. A reference numeral '26' is located to the right of the frame.

PLEASE DESIGNATE OUTPUT FORMAT

OUTPUT ONLY ADDITIONAL INFORMATION

OUTPUT ORIGINAL AND ADDITIONAL  
INFORMATION SEPARATELY

OUTPUT ORIGINAL AND ADDITIONAL  
INFORMATION SIDE BY SIDE

OUTPUT ORIGINAL AND ADDITIONAL  
INFORMATION ON BOTH SIDES

26

The diagram shows a rectangular frame containing a smaller rectangular box. Inside this box, at the top, is the text 'PLEASE DESIGNATE OUTPUT FORMAT'. Below this text are four vertically stacked rectangular buttons. Each button contains text describing an output format option. The first button says 'OUTPUT ONLY ADDITIONAL INFORMATION'. The second button says 'OUTPUT ORIGINAL AND ADDITIONAL INFORMATION SEPARATELY'. The third button says 'OUTPUT ORIGINAL AND ADDITIONAL INFORMATION SIDE BY SIDE'. The fourth button says 'OUTPUT ORIGINAL AND ADDITIONAL INFORMATION ON BOTH SIDES'. To the right of the main frame, there is a reference numeral '26' with a line pointing to the frame.
